# WELCOME TO THE FUTURE OF ENERGY

Revealing the new brand identity  
of National Energy Corporation of Trinidad and Tobago

# Vision

TO BE A GLOBAL LEADER IN THE  
DEVELOPMENT OF SUSTAINABLE  
ENERGY-BASED INDUSTRIES

# Mission

WE LEVERAGE OUR  
EXPERTISE THROUGH

- OWNERSHIP AND  
OPERATION OF ASSETS
  - INNOVATION
  - STRATEGIC ALLIANCES
  - MARKET INTELLIGENCE
- FOR THE BENEFIT OF ALL CITIZENS

# Core Values

## TEAMWORK

We encourage camaraderie and honest communication.

## FLEXIBILITY

We must maintain an adaptable and proactive approach in the timely execution of our duties.

## INTEGRITY

We demonstrate technical competence, efficiency and professionalism in the execution of our duties.

## RESPECT

We value and appreciate each other's views and contributions.

## TRANSPARENCY

We govern our operations through transparent practices and adherence to all policies and procedures.

## DISCIPLINE

We operate as trustees for national energy development to ensure delivery of the shareholders' expectations.

## SAFETY AND ENVIRONMENT

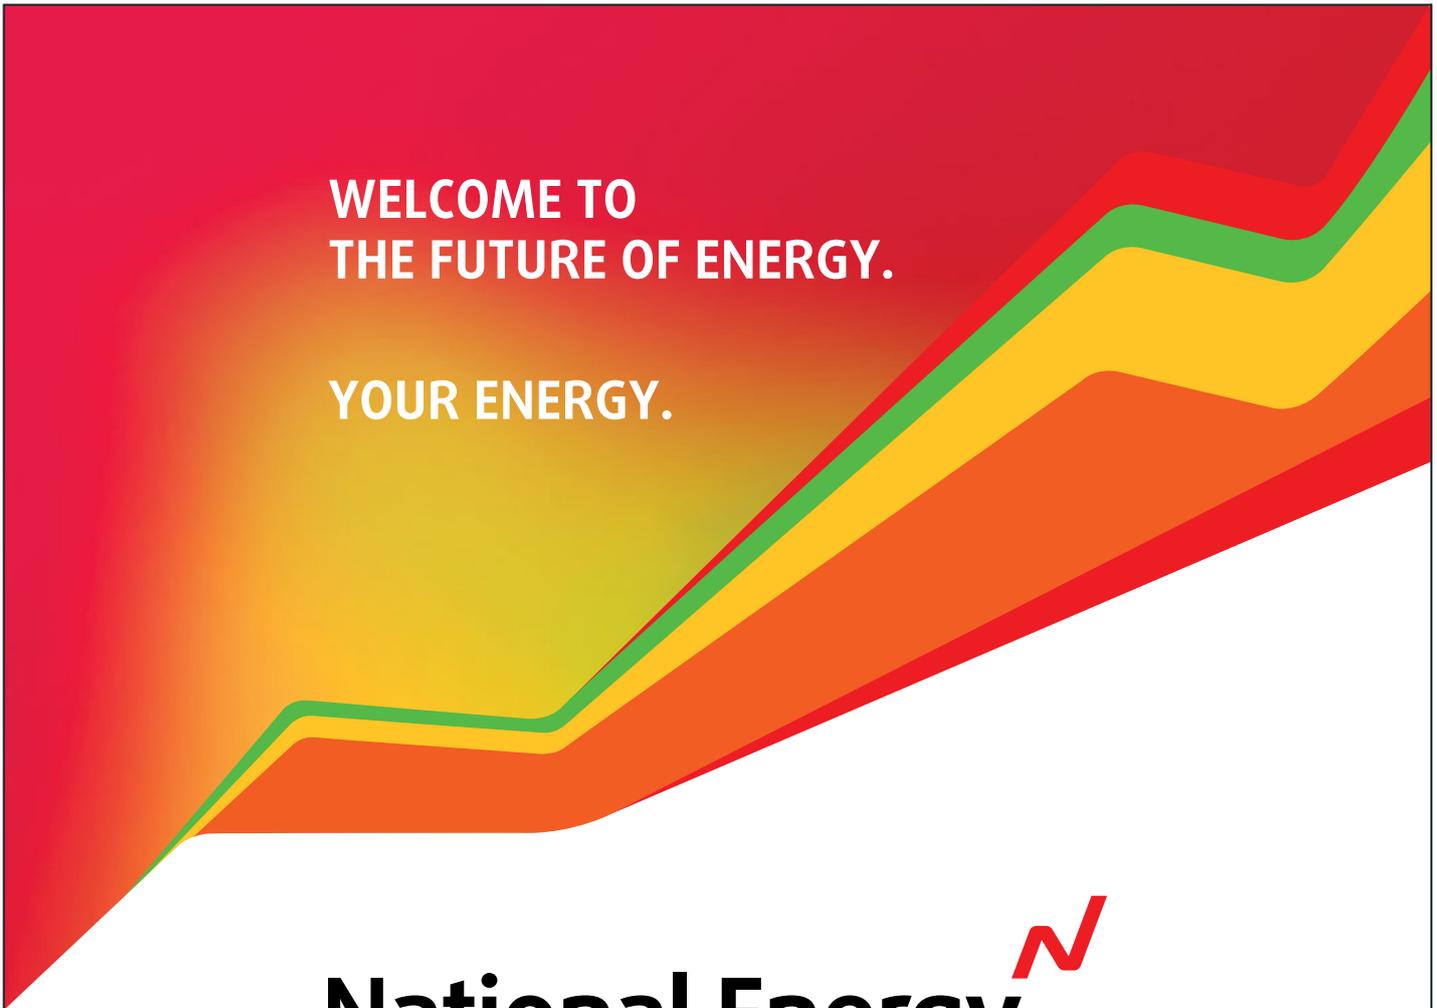

We are committed to conducting our operations in a safe and environmentally sustainable manner.

## CORPORATE SOCIAL RESPONSIBILITY

We create opportunities for developing better communities in which we operate, by working in harmony with all stakeholders.

## CUSTOMER FOCUS

We are committed to seeking the customer's interest by consistently delivering excellent service within the shortest possible time.

**WELCOME TO  
THE FUTURE OF ENERGY.**

**YOUR ENERGY.**

# National Energy<sup>N</sup>

CORPORATION OF TRINIDAD AND TOBAGO

Our new look harnesses the elemental nature of energy and speaks to the potential for exponential growth as an organisation and a people. The name displays the national colours of Trinidad and Tobago proudly, as we are ever mindful that our duty is to the nation and its citizens.

This updated brand encompasses natural and human energy, working in tandem, driving us as a people towards expansion of our energy sector beyond the borders of Trinidad and Tobago.

National Energy Corporation of Trinidad and Tobago Limited is a wholly owned subsidiary of the National Gas Company of Trinidad and Tobago Limited (NGC). For more than 30 years, we have been involved in the development of the natural gas based industry and associated infrastructure, while providing quality service to our stakeholders.

We are National Energy... The future of energy.

# We are National Energy

2013 was a year of resurgence for National Energy Corporation of Trinidad and Tobago Limited, as on 25 June 2013, the company's new brand, National Energy, was officially launched. The brand identity has been updated to reflect the changing needs of the growing local and international energy markets. The new look also echoes the vibrancy of our people, as well as the energy from our natural resources.

## MODERN BRAND IMAGE

The fresh and modern brand image is aimed at further positioning National Energy to achieve the following goals in the medium to long term:

- To engage in a diverse range of activities associated with the energy sector, in line with Government's mandate
- To develop an international brand image
- To become a more integrated energy company, with the ownership of assets in energy-related entities
- To become an international provider of energy services and logistics planning, especially for emerging energy provinces

In 2013, National Energy has continued along its path to growth with some notable new developments, including:

- The construction of Phase 1 of the Port of Galeota, Trinidad and Tobago's first dedicated energy port
- The pursuit of business opportunities in territories such as the Guyana-Suriname Basin
- The expansion of the company's product portfolio to include inorganic chemicals
- The implementation of renewable energy projects throughout Trinidad and Tobago

As we reflect on the accomplishments of 2013, the onus of the responsibility vested in us resounds loudly. We are the facilitator of new, sustainable, energy-related projects in Trinidad and Tobago. We are positioned at the helm of innovation in the local energy industry. We are National Energy... the Future of Energy.

# Company Profile

National Energy is a wholly-owned subsidiary of The National Gas Company of Trinidad and Tobago Limited (NGC) and for more than thirty (30) years, has been committed to the development of infrastructure to support the energy industry, while providing quality service in the area of natural gas-based development.

The company's core business is "the conceptualisation, promotion, development and facilitation of new energy-based and downstream industries in Trinidad and Tobago". In keeping with its mandate, National Energy provides energy services which include but are not limited to:

- Project Development
- Project Appraisal and Evaluation
- Facilitation of Negotiations and Discussions between Investors and State Agencies
- Facilitation of Discussion for Gas Requirements
- Feasibility Studies
- Provision of Site and Related Infrastructure
- Provision of Marine Services
- Development of Industrial Estates and Ports

# REPORT OF DIRECTORS

## YEAR ENDED 31 DECEMBER, 2013

(Expressed in Trinidad and Tobago dollars)

The Directors are pleased to submit their Report, together with the Financial Statements, for the year ended 31 December, 2013.

### 1. ACTIVITIES

National Energy Corporation of Trinidad and Tobago Limited (National Energy) is a wholly owned subsidiary of The National Gas Company of Trinidad and Tobago Limited (NGC). Its assets include, the Point Lisas Channel, turning basins, tugs, workboats and launch, as well as the ISCOTT Dock and four (4) multi-user pier facilities comprising six (6) berths at the Point Lisas port. National Energy's marine infrastructure facilities are used to facilitate the loading and offloading of iron ore and bulk oil, as well as for the exports of petrochemicals (methanol, ammonia, urea), steel products and hot briquetted iron.

The mandate of National Energy includes:

- i) The Conceptualisation, Promotion, Development and Facilitation of new energy-based and downstream industries in Trinidad and Tobago
- ii) Identifying and Developing new industrial estates
- iii) Identifying and Developing new industrial deep water ports to facilitate these estates
- iv) Owning and Operating marine and other infrastructural assets to facilitate all gas-based petrochemical and metal plants
- v) Developing and Managing the La Brea and Union Industrial Estates
- vi) Towing and Harbour operations
- vii) Sustainable Management of the environment

National Energy, having successfully completed various elements of its mandate, continued to focus on the above items during 2013.

### 2. FINANCIAL RESULTS

The financial results for the period are summarised as follows:

|  | <b>2013</b>           | <b>2012</b>           |
|--|-----------------------|-----------------------|
|  | <b>\$000</b>          | <b>\$000</b>          |
| Profit/(Loss) before Tax                 | 79,625                | 9,884                 |
| Provision for Tax                        | <u>(26,922)</u>       | <u>(18,731)</u>       |
| Net Profit/Loss                          | <u>52,703</u>         | <u>(8,847)</u>        |
| Retained Earnings                        | 52,703                | (8,847)               |
| Retained Earnings – At Beginning of Year | <u>312,803</u>        | <u>321,650</u>        |
| Retained Earnings – At End of Year       | <u><u>365,506</u></u> | <u><u>321,803</u></u> |

## REPORT OF DIRECTORS (continued) YEAR ENDED 31 DECEMBER, 2013 (Expressed in Trinidad and Tobago dollars)

### **2. FINANCIAL RESULTS** (continued)

In 2013, National Energy's total income increased by 4% to TT\$286.03 (2012: TT\$274.60 million). This was as a result of higher revenue streams from Marine Infrastructure, where income increased to TT\$269.88 million (2012: TT\$248.89 million).

The total expenditure, excluding impairment for 2013, decreased by 14% to TT\$197.79 million (2012: TT\$229.89 million), due mainly to the reversal of bad debt provisions.

National Energy recorded a profit after tax of TT\$52.7 million in 2013, as compared to a loss of TT\$8.84 million in 2012. This favourable performance resulted from lower expenses, mainly bad debt and impairment, which reduced year-on-year by TT\$33.12 million and TT\$26.22 million respectively.

### **3. DIRECTORS**

During the period 01 January 2013 to 31 December 2013, the Board of Directors comprised Mr. Roop Chan Chadeesingh – Chairman; Ms. Haseena Ali; Messrs. Premchand Beharry (resigned on 19 December 2013); Indar Maharaj; Gordon Ramjattan (appointed on 08 January 2013); and Clyde Ramkhalawan.

### **4. SIGNIFICANT EVENTS**

1. Significant progress made on the construction of the state-of-the-art Port of Galeota Phase I
2. Execution of a Project Development Agreement for a Methanol and Dimethyl Ether (DME) complex among the Government of the Republic of Trinidad and Tobago, National Energy, The National Gas Company of Trinidad and Tobago, Mitsubishi Gas Chemicals Company Inc., Mitsubishi Corporation, Neal and Massy Holdings Limited and Caribbean Gas Chemical Limited.
3. Commissioning of the partially National Energy financed Unibio pilot plant located on the compound of The University of Trinidad & Tobago (UTT), Point Lisas Campus
4. Completion and implementation of the following renewable energy projects on behalf of the Ministry of Energy and Energy Affairs:
  - a. The installation of solar induction lights in community centres throughout the country
  - b. The installation of photovoltaic cells and solar stills in 20 secondary schools throughout the country
5. Hosting of a Renewable Energy Technology Business Opportunity Seminar to attract investment
6. Signing of a Memorandum of Understanding between National Energy and Chemtech Limited to explore the feasibility of development of a formaldehyde/melamine-based resin cluster to be located at Union Industrial Estate
7. Completion of a pre-feasibility study on a new ammonia project
8. Completion of the analysis and review of the feasibility report on the La Brea Steel Complex by Metaldom and Neal & Massy Holdings Limited
9. Contract Agreements signed between Technital S.P.A to provide consultancy services for the Master Plan and Preliminary Design for Port of Brighton and Preliminary Design for Port Galeota Phase
10. On November 19, 2013, the State agreed to grant a Head Lease in favour of National Energy with respect to a parcel of State land comprising approximately 350 acres in Point Lisas North Industrial Estate subject to specific conditions
11. Grant of a Head Lease, on 19 November 2013, by the State in favour of National Energy, with respect to a parcel of State land comprising approximately 350 acres in Point Lisas' North Industrial Estate, subject to specific conditions
12. Participation in several trade and investment missions to Houston, London and Haiti, to promote the company's services

REPORT OF DIRECTORS (continued)  
YEAR ENDED 31 DECEMBER, 2013  
(Expressed in Trinidad and Tobago dollars)

**4. SIGNIFICANT EVENTS** (continued)

13. Award of a contract to provide architectural and engineering services for the expansion of National Energy's Administration Building (The Contract Agreement was signed by both parties on 15 November 2013)
14. Completion of the preliminary design for the rehabilitation of Berth 2 at La Brea
15. Commissioning of new tugs – *NEC Voyager* (launch) and *NEC Pioneer* – to enhance the company's fleet

**5. AUDITORS**

The Auditors, Deloitte & Touche, retired and being eligible, have expressed their willingness to be re-elected.

**Dated this 12th day of June 2014**

**By ORDER OF THE BOARD**

**Camille Blackman**  
**Company Secretary**

# Operations Highlights

## ENERGY INDUSTRY DEVELOPMENT

The energy sector remains the main driver for the economic development of Trinidad and Tobago and National Energy, through the Energy Industry Development Division (EID), continues to play a major role in delivering on the company's mandate. Global dynamics have now seen a shift from the reliance on mid-stream development to downstream activities. It is within this context that National Energy's strategy for the local market is focused on further development of the downstream petrochemical sector, via six (6) key industries:

- Renewables
- Petrochemicals
- Plastics
- Biochemicals and Specialty Chemicals
- Metals
- Inorganic Chemicals supported by Energy Efficiency and Energy Services Frameworks

The company is seeking to develop projects that go beyond primary products to the manufacture of derivatives, as this provides the real value-added element to the natural gas value chain.

In 2013, projects were advanced in five (5) of the six (6) focus industries listed above.

### Renewable Energy

National Energy continued its participation on the Renewable Energy Committee, which operates under the auspices of the Ministry of Energy and Energy Affairs (MEEA), and has collaborated with the MEEA and other ministries and organisations on the implementation of a number of renewable energy projects aimed at increasing the awareness and promoting the use of renewable energy technologies in Trinidad and Tobago.

SIGNING OF MoU WITH CHEMTECH FOR THE ESTABLISHMENT OF MELAMINE-BASED RESIN CLUSTER AT UIE

To this end, National Energy was instrumental in the development and implementation of key renewable energy projects, providing project management services from conceptualisation to execution, as follows:

- Solar traffic lights to be located in Couva and Port of Spain in collaboration with POWERGEN
- Wind Resource Assessment Programme (WRAP) in collaboration with the Ministry of Energy and Energy Affairs and The University of the West Indies

A seminar for renewable energy/clean technology was also hosted by EID to inform potential investors, particularly investors interested in developing projects on the National Energy-managed Union Industrial Estate (UIE) in La Brea, about the possibility of manufacturing facilities. Feedback received from the session facilitated the issuance of a Request For Proposal (RFP) for a renewable energy/clean technology processing facility.

RENEWABLE ENERGY STAKEHOLDER MEETING

**Petrochemicals**

In April 2013, a Project Development Agreement (PDA) for a Natural Gas to Petrochemicals Complex to be located at UIE, La Brea, was executed among the following seven (7) parties:

- Government of the Republic of Trinidad and Tobago (GORTT), via the Ministry of Energy and Energy Affairs (MEEA)
- National Energy Corporation of Trinidad and Tobago (National Energy)
- The National Gas Company of Trinidad and Tobago (NGC)
- Mitsubishi Corporation (MC)
- Mitsubishi Gas Chemical Company Inc. (MGC)
- Neal & Massy Holdings Limited (N&M) and
- Caribbean Gas Chemical Limited (CGCL)

Phase I of the project will see the construction of a Methanol and Dimethyl Ether (DME) facility. Project development activities, including discussions on detailed engineering, have commenced.

Additionally, National Energy, in conjunction with Phoenix Park Gas Processors Limited (PPGPL), MC and N&M, have been exploring a number of downstream and associated projects which have led to the execution of a Memorandum of Understanding (MOU) among the parties for a feasibility study for a monoethylene glycol (MEG) facility. The project will convert the ethane from natural gas to MEG.

An MOU was executed between National Energy and Chemtech for the completion of a feasibility study for the development a Formaldehyde/Melamine-based resin cluster at UIE, La Brea. A pre-feasibility study for the establishment of a new ammonia plant in Trinidad was also completed in 2013.

**Bio Chemicals**

Commissioning of the UniBio SCP pilot plant for the production of protein for animal feed from natural gas commenced in January 2013 at the University of Trinidad and Tobago's Energy Campus in Point Lisas; the pilot study is ongoing.

**Metals**

The review of a feasibility study for a proposed MetalDome/N&M metals producing facility comprising a melt-shop and rolling mill was completed.

**Inorganic Chemicals**

Based on the results of the 2012 Inorganic Chemicals Market Study, key target products were identified for further development, with one such product being Sodium Methoxide. Expressions of Interest were issued to major producers requesting project proposals.

In addition to advancing the focus industries, EID has also explored the opportunity for entering new energy markets such as the Guyana/Suriname Basin. The primary areas being considered include the exporting of project development expertise as part of a sustainable development strategy.

MITSUBISHI SIGNING

PORT OF GALEOTA UNDER CONSTRUCTION

### **INFRASTRUCTURE DEVELOPMENT PROJECTS**

The Port of Galeota is one of National Energy's major infrastructural undertakings, which is expected to deliver mutual benefits to the company, private sector and the community of Mayaro/Guayaguayare. The Port comprises three (3) parts – the Port Facility, a new access road and the Fish Landing Facility. During the year, National Energy made significant progress towards the completion of the Port of Galeota, Phase I. Designs for this project were substantively completed (90%) and certified by Bureau Veritas Classification society. The reclamation license for the Port of Galeota was obtained and works commenced on the construction of the main access road. The cope beam, bollards and fenders for Berths 1 and 2 were installed and fill placement between Berths 3 and 4 is in progress.

Environmental monitoring and reporting for the Port of Galeota continued with thirty-one (31) environmental reports submitted to the Environmental Management Authority (EMA) to date, in compliance with environmental monitoring and reporting conditions of the Certificate of Environmental Clearance issued for the project, in the following areas:

- Air Quality
- Shoreline Monitoring and Management
- Water Quality and Turbidity
- Seagrass Beds and Coral Reefs
- Mangrove and Benthic Ecosystems
- The Fish Landing Facility, which will support the local fishing community of Mayaro/Guayaguayare, was also substantially completed. Phase I of the Union Industrial Estate Drainage Project began in 2013 and construction is continuing.

PS, MINISTRY OF ENERGY AND ENERGY AFFAIRS, MR. SELWYN LASHLEY (BACK ROW – FIRST FROM RIGHT); CHAIRMAN NATIONAL ENERGY, MR. ROOP CHAN CHADEESINGH (BACK ROW – THIRD FROM LEFT); AND CHAIRMAN OF PLIPDECO, MR. IAN ATHERLY (BACK ROW – SECOND FROM LEFT) POSE WITH STAFF OF THE OPERATING ASSETS DEPARTMENT AT THE COMMISSIONING OF *NEC VOYAGER* AND *NEC PIONEER*.

### **OPERATING ASSETS**

Towage rates and tariffs were revised for the Ports of Point Lisas and Port of Spain. Hourly rates were replaced with more customer-friendly fixed rates. This improved the efficiency of forecasting and budgeting, as well as invoicing.

Two (2) new vessels – *NEC Pioneer* and *NEC Voyager* – were added to the company's fleet. The acquisition of the modern, upgraded vessels would allow National Energy to continue to meet the ever-changing needs of its customers and permit the expansion into new services.

The Operating Assets Department also hosted its first Stakeholders' Forum, held in May 2013. This was another initiative aimed at improving customer services, as it provided a platform to obtain

feedback and comments from stakeholders. The event was well received by stakeholders, who appreciated the opportunity to meet directly with members of the department with whom they interact daily via telephone.

2013 saw an increase in barge operations with the hire of National Energy's Stan Tug 1605 for supplying barge operations for Capital Signal, as well as for Seven Seas Water. The *NEC Pride* also entered into a long-term charter with Trinmar Ltd. and *NEC Vision* and *NEC Majestic* were hired by Trinity Exploration for rig operation.

Marine Terminal Operations showed improved utilisation, as the volume of methanol handled at Savonetta Pier No. 4 was higher by 28% as a result of shifting of methanol tankers to accommodate Nu-Iron's Bulk Vessels and UAN Tankers.

## LA BREA INDUSTRIAL DEVELOPMENT COMPANY LIMITED

La Brea Industrial Development Company Limited (LABIDCO) achieved an increase in net profit of over 100% for the financial year 2013. This was as a result of increased revenue streams from port and marine services, which saw record quantities of aggregate handled at the LABIDCO Port, as follows:

- 1,206 Vessel Calls
- 353,955.6 Metric Tons (MT) of Aggregate
- 41,111 MT of General Cargo
- 4182.6 MT of Miscellaneous Cargo

The Port recorded a mean berth occupancy level of 74.9% and repairs to two (2) work-over rigs were also completed.

Tender action related to the repairs of Zone 1 and Berth 2 was initiated during the year. Consultants were also engaged for the development of a Master Plan for the La Brea Industrial Estate and the reconstruction of Berth 2.

At the La Brea Industrial Estate, work continued in order to improve the service provided to tenants, including:

- The relocation of a Trinidad and Tobago Electricity Commission (T&TEC) high voltage line
- Minor repairs to the Estate corridor carriageway were carried out at the entrance to Port 'A', with the scope of works for major repairs being developed
- The leases of two (2) new tenants on the La Brea estate were finalised for Lot #43 and Lot #49

Several advances were also made with regard to the receipt of regulatory approvals, including the approval for Union Industrial Estate (UIE) from the Town and Country Planning Division (TCPD) and the Fire Department Certificate for UIE. In 2013, a Manager, New Business was recruited with responsibility for LABIDCO in order to provide greater focus on service delivery at LABIDCO. This is expected to result in increased productivity and profitability at the company.

FABRICATION YARD AT PORT OF BRIGHTON

## LOSS PREVENTION AND SUSTAINABILITY

Several key initiatives were completed in 2013 towards the sustainability of National Energy's operations and the safety of the company's employees, stakeholders and property, as well as the preservation of the environment.

### Security

- Installation of Access Control Systems at National Energy's Communication Centres
- Successful Completion of all Quarterly ISPS Drills as mandated by the Designated Authority (Trinidad and Tobago Coast Guard) for National Energy's Port and Marine Facilities
- Receipt of Annual Verification of Statement of Compliance regarding our Port Security Plans from the Designated Authority (Trinidad & Tobago Coast Guard)
- Award of Maintenance Contract for the installation of CCTV Systems at Savonetta Piers
- Development of Security Procedures for National Energy and the Mooring Facility
- Re-establishment of the Security Committee at LABIDCO

### Health and Safety

- Commencement of Substance Abuse Screening (Q1, 2013) in collaboration with the Human Resources and Strategic Planning Department
- Conduct of Health Risk Assessment on entire organisation
- Successful planning and execution of Environment, Health, Safety and Security (EHSS) Week in April 2013
- Achievement of zero critical injury record for completion of major works at the Port of Galeota
- Acquisition of STOW Certification
- Joint drill between bpTT and National Energy/Galeota Stakeholders to test the effectiveness of the Emergency Response Plan (ERP) for the Port of Galeota during construction (Arising out of the drill, communication was identified as a critical factor for emergency preparedness; consequently, communication systems between National Energy and bpTT were substantially improved)

PITCH LAKE

NATIONAL ENERGY EMPLOYEES

### Environment

- Issuance of RFP for the Preparation of a Request For Proposal (RFP) for the Preparation of a Review and Assessment Report (RAR) for the Point Lisas Industrial Estate (South and East)
- Update of Environmental Compliance Plan for National Energy to ensure that all New Projects, as well as Operations, comply with Legal and Statutory Requirements (such as OSH, CEC and ISPS)

### HUMAN RESOURCE AND STRATEGIC PLANNING

The Human Resource and Strategic Planning Department focused its programmes on four (4) main areas: Resource Management, Organisational Development, Strategic Planning and Human Resource Administration.

#### Resource Management

During the year, The Human Resource and Strategic Planning Department facilitated organisational redesign and restructuring and spearheaded a change management process. The department also developed the 2014 Corporate Manpower Plan and Budget and filled eight (8) key vacant positions in the company.

#### Organisational Development

The department successfully managed the implementation of several Training and Development initiatives, including the Vacation Employment Programme, which was completely revamped and refocused. The 2012 Employee Benchmark Survey (EBS) results were rolled out to staff. Subsequently, the EBS Leadership Action Plan was also completed and the Leadership Development Programme launched.

#### Strategic Planning

The Human Resources and Strategic Planning Department facilitated the validation and alignment of 2012 corporate and departmental balanced scorecards and the development

of 2013 departmental scorecards. The 2014 Operational Plan and Corporate Scorecard were also developed.

#### Human Resource Administration

2013 saw the development and implementation of National Energy's Non-Harassment Policy, as well as the roll-out of a Voluntary Early Retirement Plan (VERP). In the area of process improvement, the department developed an HR action tracking log and implemented the process for 'onboarding' of new employees.

### COMMUNITY INVOLVEMENT AND CORPORATE SOCIAL RESPONSIBILITY (CSR)

National Energy recognises that the sustainability of its business depends largely on the company's relationship with its stakeholders. As the company continues to deliver on its mandate to promote Trinidad and Tobago's energy brand and assist in the diversification and expansion of the energy sector, the company has consciously invested in its stakeholders in particular, the fenceline communities of La Brea, Mayaro/Guayaguayare and Pt. Lisas South and East in an effort to obtain license to operate within these areas. At present, National Energy is responsible for the development of the Port of Galeota in Guayaguayare and the

YOUTH FORUM

ROUSTABOUT TRAINING

expansion of Union Industrial Estate in La Brea. The company recognises that the stakeholders in these areas are integral to the success of these projects and has solidified relationships with them to further promote the company's initiatives.

Over the years, National Energy, in collaboration with its community partners, has developed a strategic plan of action which focuses on youth development, capacity building, culture, education and sport within these communities. The company considers capacity building a key component to building sustainable communities. National Energy therefore adopted the CSR theme of 'Building Capacity, Minimising Risk' for 2013/2014. In keeping with this theme, the company has:

- Held 16 Meetings with Internal and External Stakeholders to obtain Feedback on the Company's Community Involvement Plan
- Trained 205 Persons from the Communities in Various Skills
- Attained 100% Completion of the Corporate Social Responsibility Calendar of Activities
- Participated in Energy Investment Road-Shows to Attract Investments for the 2013 Deep-Water Bid Round and other Energy-Related Projects held in October in Houston, Texas and London, England
- Developed a Stakeholder Engagement

- Plan for the Mitsubishi Natural Gas to Petrochemicals Project
- Hosted three (3) Supplier Forums by the Procurement Section to Engage Suppliers in our Fenceline Communities on National Energy's Procure-to-Pay Process

## Statement of management's responsibilities

It is the responsibility of management to prepare financial statements for each financial year which present fairly, in all material respects, the state of affairs of the Company as at the end of the financial year and the operating results of the Company for the year. It is also management's responsibility to ensure that the Company keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company. They are also responsible for safeguarding the assets of the Company.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS). This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

Management accepts responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with the IFRS. Management is of the opinion that the financial statements present fairly, in all material respects, the state of the financial affairs of the Company and its operating results. Management further accepts responsibility for the maintenance of accounting records which are relied upon in the preparation of financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of Management to indicate that the Company will not remain a going concern for at least the next twelve months from the date of this statement.

## Independent Auditors' Report to the Shareholder of National Energy Corporation of Trinidad and Tobago Limited

### **Report on the financial statements**

We have audited the accompanying financial statements of National Energy Corporation of Trinidad and Tobago Limited, which comprises the statement of financial position as at 31 December 2013, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of National Energy Corporation of Trinidad and Tobago Limited as at 31 December 2013 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

### **Other matter**

The financial statements of the Company for the year ended 31 December, 2012, were audited by another auditor who expressed an unmodified opinion on those statements on 30 April, 2013.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

## 1. Corporate information

The Company was incorporated in Trinidad and Tobago on 7 September, 1979 and continued in accordance with Section 340 (1) of The Companies Act, 1995. The Company is a wholly owned subsidiary of The National Gas Company of Trinidad and Tobago Limited (NGC) which is owned by the Government of the Republic of Trinidad and Tobago (GORTT). It is principally engaged in the management of certain marine infrastructural facilities at the Port of Point Lisas and the promotion and development of the Union Industrial Estate at La Brea. The Company's registered office is located at Corner Rivulet and Factory Roads, Brechin Castle, Couva, Trinidad and Tobago.

### 1.1 Basis of preparation

The financial statements have been prepared under the historical cost basis. The financial statements are presented in Trinidad and Tobago Dollars (TT\$).

#### Statement of compliance

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

## 2. New and Revised Accounting Standards and interpretation

### Standards and Interpretations adopted which impacted the financial statements

- **Amendments to IAS 1 Presentation of Financial Statements (as part of the Annual Improvements to IFRSs 2009 – 2011 Cycle issued in May 2012)**

The Annual Improvements to IFRSs 2009 – 2011 have made a number of amendments to IFRSs. The amendments that are relevant to the Company are the amendments to IAS 1 regarding when a statement of financial position as at the beginning of the preceding period (third statement of financial position) and the related notes are required to be presented. The amendments specify that a third statement of financial position is required when a) an entity applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items in its financial statements, and b) the retrospective application, restatement or reclassification has a material effect on the information in the third statement of financial position. The amendments specify that related notes are not required to accompany the third statement of financial position.

- **Amendments to IAS 1 Presentation of Items of Other Comprehensive Income**

The Company has applied the amendments to IAS 1 Presentation of Items of Other Comprehensive Income for the first time in the current year. The amendments introduce new terminology, whose use is not mandatory, for the statement of comprehensive income and income statement. Under the amendments to IAS 1, the 'statement of comprehensive income' is renamed as the statement of profit or loss and other comprehensive income.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 2. **New and Revised Accounting Standards and interpretation** (continued)

#### **Standards and Interpretations adopted which impacted the financial statements** (continued)

##### • **Amendments to IAS 1 Presentation of Items of Other Comprehensive Income** (continued)

The amendments to IAS 1 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to IAS 1 require items of other comprehensive income to be grouped into two categories in the other comprehensive income section; (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis – the amendments do not change the option to present items of other comprehensive income either before tax or net of tax. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to IAS 1 does not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

#### **Standards and Interpretations adopted with no effect on the financial statements**

- IFRS 10, Consolidated Financial Statements (annual periods beginning on or after 1 January 2013)
- IFRS 11, Joint Arrangements (annual periods beginning on or after 1 January 2013)
- IFRS 12, Disclosure in Interests in Other Entities (annual periods beginning on or after 1 January 2013)
- IFRS 13, Fair Value Measurement (annual periods beginning on or after 1 January 2013)
- IAS 16, Property, Plant and Equipment. Classification of servicing equipment (annual periods beginning on or after 1 January 2013)
- IAS 19, Employee Benefit (as revised in 2011) (annual periods beginning on or after 1 January 2013)
- IAS 27, Consolidated and Separate Financial Statements. Re-issued as IAS 27 Separate Financial Statements (as amended in 2011), (annual periods beginning on or after 1 January 2013)
- IAS 28, Investments in Associates. Re-issued as IAS 28 Investments in Associates and Joint Ventures (as amended in 2011), (annual periods beginning on or after 1 January 2013)
- IAS 32, Financial Instruments Presentation. Tax effect of distribution to holders of equity instruments (annual periods beginning on or after 1 January 2013)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 2. **New and Revised Accounting Standards and interpretation** (continued)

#### **New and revised IFRSs in issue but not yet effective**

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective:

- IFRS 9 Financial instruments<sup>2</sup>
- Amendments to IFRS 9 and IFRS 7 Mandatory Effective Date of IFRS 9 and Transition Disclosure<sup>2</sup>
- Amendments to IFRS 10, IFRS 12 and IAS 27 Investment Entities<sup>1</sup>
- Amendments to IAS 32 Offsetting Financial Assets and Financial Liabilities<sup>1</sup>

<sup>1</sup>Effective for annual periods beginning on or after January 1, 2014, with earlier application permitted.

<sup>2</sup>Effective for annual periods beginning on or after January 1, 2015, with earlier application permitted.

#### ***IFRS 9 Financial Instruments***

IFRS 9 introduced new requirements for the classification and measurement of financial assets, financial liabilities and for derecognition.

Key requirements of IFRS 9:

- All recognised financial assets that are within the scope of IAS 39 Financial Instruments: Recognition and Measurement are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under IFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.
- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, IFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under IAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.

The directors of the Company anticipate that the application of IFRS 9 in the future will impact on the amounts reported in respect of the Company's financial assets and liabilities. However it is not practicable to provide a reasonable estimate of the effect of IFRS 9 until a detailed review has been completed.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 2. **New and Revised Accounting Standards and interpretation** (continued)

#### New and revised IFRSs in issue but not yet effective (continued)

##### **Amendments to IFRS 10, IFRS 12 and IAS 27 Investment Entities**

The amendments to IFRS 10 define an investment entity and require a reporting entity that meets the definition of an investment entity not to consolidate its subsidiaries but instead to measure its subsidiaries at fair value through profit or loss in its consolidated and separate financial statements.

To qualify as an investment entity, a reporting entity is required to:

Obtain funds from one or more investors for the purpose of providing them with professional investment management services.

Commit to its investor(s) that its business purpose is to invest funds solely for returns from capital appreciation, investment income, or both.

Measure and evaluate performance of substantially all of its investments on a fair value basis.

Consequential amendments have been made to IFRS 12 and IAS 27 to introduce new disclosure requirements for investment entities.

The directors of the Company do not anticipate that the investment entities amendments will have any effect on the Company's financial statements as the Company is not an investment entity.

##### **Amendments to IAS 32 Offsetting Financial Assets and Financial Liabilities**

The amendments to IAS 32 clarify the requirements relating to the offset of financial assets and financial liabilities. Specifically, the amendments clarify the meaning of 'currently has a legally enforceable right of set-off' and 'simultaneous realisation and settlement'.

The directors of the Company do not anticipate that the application of these amendments of IAS 32 will have a significant impact on the Company's financial statements as the Company does not have any financial assets and financial liabilities that qualify for offset.

### 3. **Summary of significant accounting policies**

#### **a) Cash and cash equivalents**

Cash on hand, in banks and short-term deposits that are held to maturity, are carried at cost. For the purpose of the cash flow statement, cash and cash equivalents consist of cash on hand and deposits in banks and short-term deposits with an original maturity of three months or less.

#### **b) Trade receivables**

Trade accounts receivable are recognized and carried at original invoice amount less an allowance for any uncollectible amounts. A provision is made when there is objective evidence that the Company will not be able to collect the debts. Bad debts are written-off when identified. Receivables from related parties are recognised and carried at cost.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### c) Taxes

##### *Current taxes*

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

##### *Deferred tax*

Deferred income tax is provided using the liability method on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Deferred tax assets arising from tax losses not yet recognised are only carried forward if it is probable that future taxable profit will be sufficient to allow the benefit of the tax losses to be realised.

Deferred tax assets are recognised only if there is a reasonable expectation of realization. Deferred tax assets arises from tax losses yet to be recognised, and are only carried forward if there is assurance beyond a reasonable doubt that future taxable income will be sufficient to allow the benefit of the tax losses to be realised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of financial position date.

#### d) Property, plant and equipment

Property, plant and equipment are stated at historical cost.

Depreciation is provided on a straight-line basis over the estimated economic useful lives of the assets at the following rates:

|                              |              |
|------------------------------|--------------|
| Marine infrastructure assets | 3% to 20%    |
| Tugs and workboats           | 6.67%        |
| Machinery and equipment      | 12.5% to 20% |
| Other assets                 | 10% to 50%   |
| Administration building      | 2%           |

Development costs are recognised as an asset to the extent that it is expected to generate future economic benefits.

Repairs and maintenance costs are charged to the statement of profit or loss and other comprehensive income when expenditure is incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss and other comprehensive income in the year the asset is derecognised.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### e) Investment property

Investment property is stated at cost less accumulated depreciation and impairment charges. Depreciation is provided on a straight line basis over the estimated economic useful lives of the assets at the following rates:

|                   |       |
|-------------------|-------|
| Development costs | 3.33% |
| Buildings         | 3.33% |

No depreciation is provided on freehold land.

Investment property is derecognised when either disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the statement of profit or loss and other comprehensive income in the year of retirement or disposal.

#### f) Long-term debt

Long-term debt is initially recognised at the fair value of the consideration received less any directly attributable transaction costs.

After initial recognition, long-term debt is subsequently measured at amortised costs using the effective interest rate method. Amortised cost is calculated by taking into account any directly attributable transaction costs.

#### g) Foreign currencies

The presentation and functional currency of the Company's financial statements is Trinidad and Tobago Dollars (TT\$). In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, transactions in foreign currencies are recorded in Trinidad and Tobago dollars at the rates prevailing at the date of the transaction. Monetary assets and liabilities in foreign currencies at the reporting date are expressed in Trinidad and Tobago dollars at exchange rates prevailing at that date. Resulting translation differences are recognised in income/expense for the year.

#### h) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

#### i) Payables and accruals

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received. Payables to related parties are carried at cost.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### j) Financial assets

Financial assets within the scope of IAS 39 are classified as financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, or available-for-sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction cost. The Company determines the classification of its financial assets on initial recognition and where allowed and appropriate, re-evaluates this designation at each financial year end.

##### *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement loans and receivables are carried at amortised cost using the effective interest rate method less any allowance for impairment. Gains and losses are recognised in the statement of profit or loss and other comprehensive income when the loans and receivables are derecognised or impaired, as well as through the amortization process.

##### *Amortised cost*

Loans and receivables are measured at amortised cost. This is computed using the effective interest rate method less any allowance for impairment. The calculation takes into account any premium or discount on acquisition and includes transaction costs and fees that are an integral part of borrowing costs.

#### k) Financial liabilities

##### *Interest bearing loans and borrowings*

All loans and borrowings are initially recognised at fair value less directly attributable transaction costs, and have not been designated 'as at fair value through profit or loss'.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method.

Gains and losses are recognised in the statement of profit or loss and other comprehensive income when the liabilities are derecognised as well as through the amortization process.

#### l) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's cash-generating unit's fair value less costs to sell and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value-in-use, the estimated cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses of continuing operations are recognised in the statement of profit or loss and other comprehensive income in those expense categories consistent with the function of the impaired asset

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### l) Impairment of non-financial assets (continued)

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If this is the case, the carrying amount of the asset is increased to its recoverable amount.

That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

After such a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

#### m) Impairment of financial assets

The Company assesses at each reporting date whether a financial asset or group of financial assets is impaired.

In relation to trade receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Company will not be able to collect all of the amounts due under the original terms of the invoice. The carrying amount of the receivable is reduced through use of an allowance account. Impaired debts are derecognised when they are assessed as uncollectible.

#### n) Derecognition of financial assets and liabilities

##### *Financial assets*

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- The rights to receive cash flows from the asset have expired;
- The Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass through' arrangement; or
- The Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### **3. Summary of significant accounting policies (continued)**

#### **n) Derecognition of financial assets and liabilities (continued)**

When the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in assets.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

##### *Financial liabilities*

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of profit or loss and other comprehensive income.

#### **o) Employee benefits**

The Company's employees are members of the Parent Company's defined benefit plan, the assets of which are held in separate trustee administered funds. The pension plan is funded by payments from employees and by the Company taking account of the recommendations of independent qualified actuaries.

The Company's contributions are included in the employee benefit expense of these financial statements. Any assets and liabilities in relation to this defined benefit plan are recorded by the Parent Company. There is no contractual agreement or stated policy for charging the net defined benefit costs of the plan to the separate financial statements of the individual subsidiaries included in the plan.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### p) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

##### *Marine infrastructure income*

Revenue from the use of the Company's piers, docks and vessels is recognised upon performance of the services.

##### *Property rental income*

Lease rental and service charge from operating leases on investment properties are recognised as revenue in the period in which they are earned.

##### *Management fees*

Management fees earned on government funded projects are accounted for on the accruals basis.

##### *Interest income*

Interest and investment income is accounted for on the accruals basis.

#### q) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

##### *The Company as a lessor*

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

##### *The Company as a lessee*

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

#### r) Provisions

The Company recognises a provision when, as a result of a past event, it has a present legal or constructive obligation, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### **3. Summary of significant accounting policies** (continued)

#### **s) Government grants**

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate.

Non-operating contributions received from the Government are accounted for as capital grants.

Capital grants represent amounts received from the government for specific capital expenditure purposes. Capital grants not yet spent are classified as deferred capital grants. Capital grants relating to non-depreciable assets are deducted against the carrying amount of the asset to which it relates when the expense is incurred. When the capital grant is expended for depreciable assets, the related amounts are transferred from deferred capital grants to deferred income.

Deferred income is amortised to the statement of profit or loss on a systematic basis over the useful lives of the related assets

#### **t) Deferred income**

The Company is contractually obligated to invoice its pier users quarterly in advance. This is recognised as deferred income to the value of quarterly fixed user charges for the upcoming period, which will be credited to income in the relevant period to which it relates.

#### **u) Comparative information**

Where necessary, comparative information has been adjusted to conform to changes in presentation in the current year.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent assets and liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future.

#### Judgements

In the process of applying the Company's accounting policies, management has determined that there were no judgments apart from those involving estimations which have a significant effect on the amounts recognised in the financial statements.

#### Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation and uncertainty at the statement of financial position date, that have a significant risk of causing material adjustments to the carrying amounts of assets and liabilities within the next financial year are discussed below:

##### *Useful lives of property, plant and equipment and investment property*

The estimates of useful lives as translated into depreciation rates are detailed in the property, plant and equipment and investment property policies above. These rates and the residual lives of the assets are reviewed annually taking cognizance of the forecasted commercial and economic realities and through benchmarking of accounting treatments within the port and marine operations industry.

##### *Impairment of non-financial assets*

The Company assesses whether there are indicators of impairment for all non-financial assets at each reporting date. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. When value-in-use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

##### *Operating lease commitments - Company as Lessor*

The Company has entered into commercial property leases on its investment property portfolio. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, that it retains significant risks and rewards of ownership of these properties and so accounts for the contracts as operating leases.

##### *Deferred tax assets*

Deferred tax assets are recognised to the extent it is probable that the taxable income will be available in future against which they can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised based upon the likely timing and level of future taxable profits together with future tax planning strategies.

##### *Tax assessments*

The Company recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due where the final tax outcome of these matters is different from the amounts that were initially recorded. Such differences will impact the income tax and deferred tax provisions in the period in which such determinations are made.

| Direct operating expenses                   | <u>3,142</u>  | <u>2,232</u>  |

- i) Investment properties comprise the lands at Union Industrial Estate (UIE) and a warehousing facility which was constructed on the UIE. The Company has applied for a reclamation licence in respect of the land on which the warehouse facility sits.
- ii) The fair value was based on the investment property value in use. The recoverable amount of the Company's major assets has been determined based on a value-in-use calculation using cash flow projections from lease agreements and the Board approved business development, at a discount rate of 5.72%. As a result of this analysis, management has recognised an impairment charge of \$8.609 million (2012: \$34.832 million) on its investment properties in the statement of profit or loss

Details of the Company's Union Industrial Estate and information about the fair value hierarchy are as follows:

|                             | <b>Level 1</b> | <b>Level 2</b> | <b>Level 3</b> | <b>Total</b>  |

**7. Taxation**

**a) Taxation charge**

The major components of the taxation expense were as follows:

|                                     | <b>2013</b>          | <b>2012</b>          |
|-------------------------------------|----------------------|----------------------|
|                                     | <b>\$'000</b>        | <b>\$'000</b>        |
| Corporation taxation – current year | 26,263               | 13,258               |
| – prior year                        | –                    | 5,883                |
| Green fund levy                     | 286                  | 267                  |
| Deferred tax charge/(credit)        | 373                  | (677)                |
|                                     | <b><u>26,922</u></b> | <b><u>18,731</u></b> |

The reconciliation of the expected income tax expense determined using the statutory tax rate of 25% to the effective income tax expense is as follows:

|                         |                      |                      |
|-------------------------|----------------------|----------------------|
| Profit before tax       | <u>79,625</u>        | <u>9,884</u>         |
| Tax at the rate of 25%  | 19,906               | 2,471                |
| Non-deductible expenses | 2,946                | 1,389                |
| Permanent differences   | 3,784                | 8,731                |
| Prior year adjustment   | –                    | 5,883                |
| Other differences       | –                    | (10)                 |
| Green fund levy         | 286                  | 267                  |
|                         | <b><u>26,922</u></b> | <b><u>18,731</u></b> |

**b) Deferred tax**

Significant components of the deferred tax assets and liabilities are as follows:

**Assets:**

|                          |                     |                     |
|--------------------------|---------------------|---------------------|
| Accrued vacation leave   | 606                 | 457                 |
| Accrued interest payable | <u>488</u>          | <u>644</u>          |
|                          | <b><u>1,094</u></b> | <b><u>1,101</u></b> |

**Liabilities:**

|                               |                      |                      |
|-------------------------------|----------------------|----------------------|
| Property, plant and equipment | <b><u>40,305</u></b> | <b><u>39,939</u></b> |
|-------------------------------|----------------------|----------------------|

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2013  
(Expressed in Trinidad and Tobago dollars)

**9. Cash and short-term deposits** (continued)

- a) Cash at bank earns interest at fixed rates based on daily deposit rates. Short-term deposits are made for varying periods of between one day and three months, depending on the immediate cash requirements of the Company and earn interest at the respective short-term deposit rates. The fair value of cash and short-term deposits is \$478.124 million (2012: \$499.843 million).
- b) The Company holds investment note certificates with Clico Investment Bank Limited (CIB) in the amount of \$14.381 million. CIB has experienced financial and liquidity issues and on 31 January 2009 the Central Bank of Trinidad and Tobago (CBTT) under Section 44D of the Central Bank Act Chap. 79:02 assumed control of CIB. The CBTT indicated that the investment note certificates were not covered under the guarantee provided by the Government of Trinidad and Tobago. The investment note certificates in CIB were therefore deemed to be impaired at 31 December 2008 as there was no basis to determine the timing and quantum, if any, of recovery. The amounts remain fully provided for at 31 December, 2013.
- (c) The Company has an Escrow account with First Citizens Bank Limited (FCB) and is required to maintain a balance on the account equivalent to two (2) loan instalments with the bank at all times. (See Note 13 (a))
- (d) For the purposes of the statement of cash flows, cash and cash equivalents comprise the following at 31 December 2013.

|  | <b>2013</b>           | <b>2012</b>           |
|--|-----------------------|-----------------------|
|  | <b>\$'000</b>         | <b>\$'000</b>         |

| Value Added Tax recoverable                         | 6,407                  | 10,719                 |
| Prepaid expenses                                    | 1,241                  | 10,417                 |
| Insurance prepayment                                | 1,260                  | 1,071                  |
| Interest receivable                                 | 154                    | 161                    |
| Wire transfers recoverable (note 18)                | 2,166                  | 3,669                  |
| Other   | 3,720                  | 3,159                  |
|   | <hr/>                  | <hr/>                  |
|   | <b>75,910</b>          | <b>183,411</b>         |

- (a) Trade receivables are non-interest bearing and are generally on 15 - 30 days terms.
- (b) During 2011 two wire transfers amounting to \$31.888 million (US\$4.975 million) were fraudulently withdrawn from one of the Company's bank accounts. Due to the lack of objective evidence of the final outcome of recovery efforts, a provision for \$31.888 million was recorded at 31 December 2011.

Subsequently, the Company received \$5.835 million and at 31 December 2013, the company continues to hold a provision of \$23.509 million.

- (c) As at 31 December 2013, trade receivables at a value of \$17.143 million (2012:\$21.625 million) were impaired and fully provided for. Movements in the provision for impairment of receivables were as follows:

|                     | <b>2013<br/>\$'000</b> | <b>2012<br/>\$'000</b> |
|---------------------|------------------------|------------------------|
| As at 1 January     | 21,625                 | 5,338                  |
| Charge for year     | -                      | 18,169                 |
| Provision reversed  | (4,482)                | (1,882)                |
|                     | <hr/>                  | <hr/>                  |
| At 31 December 2013 | <b>17,143</b>          | <b>21,625</b>          |

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2013  
(Expressed in Trinidad and Tobago dollars)

**10. Trade and other receivables** (continued)

As at 31 December the ageing analysis of non-impaired trade receivables is as follows:

|             | Neither past due nor |               | Past due but not impaired |              |              |              |              |

| 1,034,270 ordinary shares of no par value              | <b>103,427</b> | <b>103,427</b> |

**12. Capital contribution**

The Parent Company, NGC provided the Company with a loan at an interest rate below market rate effective 31 December 2008. This resulted in the Company recognising a capital contribution of \$97.223 million when the loan was recorded at fair value at 31 December 2008. (See Note 13(b)). As at 31 December 2010 and 2011 additional fair value adjustments of \$4.256 million and \$18.035 million were recorded on the loan from the parent due to a deferral of the commencement of loan instalments to 1 January 2012 and 1 January 2015 respectively.

**13. Long-term debt**

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 13. Long-term debt (continued)

- a) The Company in pursuit of its capital expansion program obtained a loan from First Citizens Bank (FCB) on the 17 May 2004 in the value of \$67.9 million. The loan provides for two equal semi-annual payments of interest only, followed by 18 semi-annual payments of principal and interest. Interest rate is fixed at 6.20% per annum. The loan is secured by the following:
- i) Collateral Chattel Mortgage over two (2) tugboats - *NEC Empress* & *NEC Majestic* with carrying amounts totalling \$37.780 million (2012: \$39.658 million).
  - ii) Marine Hull, Machinery Risk and Protection & Indemnity Insurance over the two (2) tugboats.
  - iii) Deed of Assignment and Notice of Assignment of the proceeds of a Pier Usage contract.
  - iv) Deed of Charge over Deposit Account in the name of NEC to service loan facility.
- b) On 12 April 2009, the Company was mandated by the Government of the Republic of Trinidad and Tobago (GORTT) to reimburse the parent company, NGC for the cost of the development of Union Industrial Estate, La Brea. The purchase consideration of US\$58.518 million (TT\$367.078 million) was set up as a loan with an effective date of 31 December 2008. The principal is to be paid in equal semi-annual instalments originally commencing 1 July 2009 with interest at a rate of 3.0% per annum. Interest for 2011 and 2010 has been capitalised with the loan. Interest payments commenced in 2012.

As the parent company had provided a loan at an interest rate below market rate, the Company recorded a capital contribution of \$97.223 million when the loan was recorded at fair value at 31 December 2008. (Note 12)

- c) As a result of the discontinuance of the aluminium smelter during 2010, the scope of works regarding the construction of the material, handling and storage facility was changed. This change resulted in a reduction in the amount of financing required from NGC to US\$66.0 million. The loan agreement which was executed on 23 December 2010 provides for the Company to repay the principal over a period of not more than 15 years in equal semi-annual instalments with a rate thereon at a maximum of 7%. The first principal instalment is due within two (2) years of the date of execution of the loan agreement. At 31 December 2011 the loan repayments have been rescheduled to commence in December 2014.

As part of a proposal for the restructuring of National Energy's inter-company loans with NGC, a principal repayment of US\$15.6 million was made on 31 August 2013, thus reducing the outstanding loan balance to US\$50.2 million as at 31 December 2013. The principal installment is scheduled to commence in June 2014.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2013  
(Expressed in Trinidad and Tobago dollars)

**13. Long-term debt** (continued)

- c) Interest on the loan shall be paid semi-annually, with effect from the effective date of the loan.

| Fair values    | Carrying amount |                | Fair value     |                |
|----------------|-----------------|----------------|----------------|----------------|
|                | 2013<br>\$'000  | 2012<br>\$'000 | 2013<br>\$'000 | 2012<br>\$'000 |
| At 31 December | <u>617,635</u>  | <u>715,604</u> | <u>608,635</u> | <u>715,705</u> |

The fair value of the Company's long-term borrowings is estimated by discounting future cash flows using rates prevailing at the year-end date for debt on similar terms, credit risk and remaining maturities, with the exception of the loan with NGC for the construction of the Material, Handling and Storage Facility which approximates its carrying value.

**Maturity profile of long-term debt**

|   | 2013<br>\$'000 | 2012<br>\$'000 |
|---|----------------|----------------|
| In one year or less                                   | 22,664         | 8,924          |
| In more than one year but not more than two years     | 18,759         | 25,910         |
| In more than two years but not more than three years  | 20,043         | 22,663         |
| In more than three years but not more than four years | 21,415         | 24,224         |
| In more than four years but not more than five years  | 22,881         | 25,894         |
| In more than five years                               | 511,873        | 607,989        |

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 20. Related party transactions

The Company is a wholly owned subsidiary of The National Gas Company of Trinidad and Tobago, which is owned by the Government of Trinidad and Tobago. In the ordinary course of its business, the Company enters into transactions concerning the exchange of goods, provision of services and financing with affiliate companies as well as with entities directly and indirectly owned or controlled by the GORTT. Entities under common control include Alutrint Limited, Alutech Limited, Trinidad Generation Unlimited (TGU), Petrotrin and First Citizens Bank Limited.

The sales to and purchases from related parties are at arm's length, with the exception of the interest rate on the UIE loan from the parent company (See Note 13 b)). Outstanding balances at the year-end are unsecured and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables with the exception of that relating to Alutech Limited. At 31 December 2013, the Company has recorded a provision for doubtful debts relating to amounts owed by related party Alutech of \$22.419 million (2012: \$22.419 million) and nil (2012: \$20.309 million) due by Alutrint Limited. An assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

The following table provides the total amount of material transaction, which have been entered into with related parties and the balance outstanding for the year ended 31 December 2013 and 31 December 2012.

|  |      | Income from<br>related parties | Purchase from<br>related parties | Amounts due<br>from related<br>parties | Amounts due to<br>related parties |

**21. Operating lease arrangements**

**The Company as a lessor**

The Company has entered into commercial land leases with respect to its investment property portfolio, consisting of land and infrastructure. These leases have remaining terms of between 1 and 29 years.

Future minimum rentals receivable under operating leases as at 31 December 2013 are as follows:

|   | <b>2013</b><br><b>\$'000</b> | <b>2012</b><br><b>\$'000</b> |
|---|------------------------------|------------------------------|
| Within one year                             | 3,286                        | 7,348                        |
| After one year but not more than five years | 12,828                       | 13,060                       |
| More than five years                        | <u>66,375</u>                | <u>51,777</u>                |
|   | <u><b>82,489</b></u>         | <u><b>72,185</b></u>         |

**The Company as a lessee**

The Company has entered into lease arrangements for motor vehicles for periods ranging between 1 and 4 years.

Future minimum rentals payable under operating leases as at 31 December are as follows:

|   | <b>2013</b><br><b>\$'000</b> | <b>2012</b><br><b>\$'000</b> |
|---|------------------------------|------------------------------|
| Within one year                             | 411                          | 84                           |
| After one year but not more than five years | <u>1,793</u>                 | <u>119</u>                   |
|   | <u><b>2,204</b></u>          | <u><b>203</b></u>            |

The Company currently leases land at Corner Rivulet and Factory Roads, Brechin Castle, Couva however, the lease agreement has not yet been finalised at the reporting date.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### **22. Financial risk management objectives and policies**

The Company has various financial assets such as trade receivables, and cash and cash equivalents which arise directly from its operations. The Company's financial liabilities comprise bank loans, trade and sundry payables. The main purpose of these financial liabilities is to raise finance for the Company's operations.

The main risks arising from the Company's financial instruments are credit risk, liquidity risk, interest rate risk, and foreign currency risk. Management reviews and agrees policies for managing each of these risks which are summarised below.

#### **Credit risk**

The Company trades only with recognised credit worthy third parties. In addition, receivable balances are monitored on an ongoing basis. With respect to credit risk arising from other financial assets of the Company, such as cash and cash equivalents, the exposure to credit risk arises from default of the counter party with a maximum exposure equal to the carrying amount of these instruments. There are no significant concentrations of credit risk within the Company.

The Company has US\$14.381M in investment note certificates with Clico Investment Bank Limited. As stated in Note 9 b), a provision has been established for this entire balance as the recoverability of this balance is doubtful.

#### **Interest rate risk**

The Company is exposed to minimal interest rate risk because the Company borrows funds at fixed interest rates. See Note 13.

#### **Liquidity risk**

The Company monitors its risks to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of both its financial investments and financial assets (e.g. accounts receivables and short term investments) and projected cash flows from operations. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of advances from the parent and bank loans.

NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED 31 DECEMBER 2013  
 (Expressed in Trinidad and Tobago dollars)

**22. Financial risk management objectives and policies** (continued)

**Foreign Currency Risk** (continued)

The following table demonstrates the sensitivity to a reasonable possible change in the TT dollar exchange rate with all other variables held constant of the Company's profit before tax. There is minimal impact on the Company's equity.

|             | Increase/ (decrease)<br>in exchange rate<br>% | Effect on profit<br>before tax<br>\$'000 |
|-------------|---|--|
| <b>2013</b> | 5%  | <u>13,986</u>                            |
|             | (5%)  | <u>(13,986)</u>                          |
| <b>2012</b> | 5%  | <u>22,721</u>                            |
|             | (5%)  | <u>(22,721)</u>                          |

**Capital management**

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratio in order to support its business and maximize shareholder value. The Company manages its capital to ensure that the Company will be able to continue as a going concern. The Company's overall strategy remains unchanged from 2012.

The capital structure of the Company consists of share capital, reserves and retained earnings. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust capital structure, the Company may issue new shares by transfers from retained earnings, adjust the dividend payment to shareholders or make transfers to its reserves. No changes were made in the objectives, policies or processes during the years ended 31 December 2013 and 31 December 2012.

**23. Financial instruments**

**Fair values**

*Short-term financial assets and liabilities*

The carrying amount of short-term financial assets and liabilities which comprises cash and short-term deposits, sundry debtors and current liabilities are on reasonable estimate of fair values because of the short-term nature of these instruments.

*Long-term financial assets and liabilities*

The fair value of the Company's long-term borrowings is estimated by discounting future cash flows using rates prevailing at the reporting date for debt on similar terms, credit risk and remaining maturities, with the exception of the loan from NGC for the construction of the Material, Handling and Storage Facility which approximates its carrying value (Note 13(c)).

**NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED 31 DECEMBER 2013**  
 (Expressed in Trinidad and Tobago dollars)

**24. Transfer of assets and liabilities of La Brea Industrial Development Company Limited**

In 2007, the Board of Directors of La Brea Industrial Development Company Limited (LABIDCO) agreed to wind up LABIDCO and transfer the assets and liabilities of the Company to National Energy Corporation of Trinidad and Tobago Limited (NEC), subject to the approval of the shareholders of LABIDCO. This decision has not yet been effected.

**25. Capital commitments**

|   | <b>2013</b>          | <b>2012</b>           |
|---|----------------------|-----------------------|
|   | <b>\$'000</b>        | <b>\$'000</b>         |
| Approved and contracted capital expenditure | <b><u>64,313</u></b> | <b><u>142,407</u></b> |

These commitments include contractual commitments of \$61.748 million (2012: \$119.036 million) entered into by the Company on behalf of the Government of Trinidad and Tobago.

**26. Contingent liabilities**

Based on 2007 tax audit, the Board of Inland Revenue (BIR) has advised the Company of an outstanding tax obligation of \$15.9 million, of which \$7.6 million relates to penalty and interest. The Company has written to the BIR requesting a waiver of these payments as the wear and tear allowance for marine infrastructure assets is under review by BIR and yet to be determined. No provision has been made in the accounts for any tax liabilities.

**27. Events after the reporting date**

No significant events occurred after the reporting date affecting the financial performance, position or changes therein for the reporting period presented in these annual financial statements.

A white line graphic starts at the bottom left, rises diagonally to the right, then levels off horizontally for a short distance, and then rises again diagonally to the right, ending at the top right corner of the page.

## Statement of management's responsibilities

It is the responsibility of management to prepare financial statements for each financial year which present fairly, in all material respects, the state of affairs of the Company as at the end of the financial year and the operating results of the Company for the year. It is also management's responsibility to ensure that the Company keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company. They are also responsible for safeguarding the assets of the Company.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS). This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

Management accepts responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with the IFRS. Management is of the opinion that the financial statements present fairly, in all material respects, the state of the financial affairs of the Company and its operating results. Management further accepts responsibility for the maintenance of accounting records which are relied upon in the preparation of financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of Management to indicate that the Company will not remain a going concern for at least the next twelve months from the date of this statement.

## Independent Auditors' Report to the Shareholder of La Brea Industrial Development Company Limited

### **Report on the financial statements**

We have audited the accompanying financial statements of La Brea Industrial Development Company Limited, which comprises the statement of financial position as at 31 December 2013, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of La Brea Industrial Development Company Limited as at 31 December 2013 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

### **Emphasis of matter**

We draw attention to Note 21 to the financial statements which describe the uncertainty relating the Company's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

### **Other matter**

The financial statements of the Company for the year ended 31 December, 2012, were audited by another auditor who expressed an unmodified opinion on those statements on 30 April, 2013.

The accompanying notes on pages 68 to 95 form an integral part of these financial statements.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

## 1. General information and the adoption of new and revised standards

### 1.1 Corporation information

The Company was incorporated in Trinidad and Tobago on 15 February 1995 and continued in accordance with Section 340 (1) of The Companies Act, 1995. The Company commenced commercial operations in 1998 and is principally engaged in the promotion and development of an industrial estate and marine infrastructure facilities at La Brea. Its registered office is located at 7B New Jersey Street, La Brea, Trinidad.

The Company is owned 83% by The National Gas Company of Trinidad and Tobago Limited (NGC) and 17% by the Petroleum Company of Trinidad and Tobago Limited (PETROTRIN).

### 1.2 Basis of preparation

These financial statements have been prepared under the historical cost convention and are expressed in Trinidad & Tobago Dollars.

#### Statement of compliance

The financials statements of the Company have been prepared in accordance with International Financial Reporting Standards (IFRS).

## 2. New and Revised Accounting Standards and interpretation

### Standards and Interpretations adopted which impacted the financial statements

- **Amendments to IAS 1 Presentation of Financial Statements (as part of the Annual Improvements to IFRSs 2009 – 2011 Cycle issued in May 2012)**

The Annual Improvements to IFRSs 2009 – 2011 have made a number of amendments to IFRSs. The amendments that are relevant to the Company are the amendments to IAS 1 regarding when a statement of financial position as at the beginning of the preceding period (third statement of financial position) and the related notes are required to be presented. The amendments specify that a third statement of financial position is required when a) an entity applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items in its financial statements, and b) the retrospective application, restatement or reclassification has a material effect on the information in the third statement of financial position. The amendments specify that related notes are not required to accompany the third statement of financial position.

- **Amendments to IAS 1 Presentation of Items of Other Comprehensive Income**

The Company has applied the amendments to IAS 1 Presentation of Items of Other Comprehensive Income for the first time in the current year. The amendments introduce new terminology, whose use is not mandatory, for the statement of comprehensive income and income statement. Under the amendments to IAS 1, the 'statement of comprehensive income' is renamed as the 'statement of profit or loss and other comprehensive income'.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 2. **New and Revised Accounting Standards and interpretation** (continued)

#### **Standards and Interpretations adopted which impacted the financial statements** (continued)

##### • **Amendments to IAS 1 Presentation of Items of Other Comprehensive Income** (continued)

The amendments to IAS 1 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to IAS 1 require items of other comprehensive income to be grouped into two categories in the other comprehensive income section; (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis – the amendments do not change the option to present items of other comprehensive income either before tax or net of tax. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to IAS 1 does not results in any impact on profit or loss, other comprehensive income and total comprehensive income.

#### **Standards and Interpretations adopted with no effect on the financial statements**

- IFRS 10, Consolidated Financial Statements (annual periods beginning on or after 1 January 2013)
- IFRS 11, Joint Arrangements (annual periods beginning on or after 1 January 2013)
- IFRS 12, Disclosure in Interests in Other Entities (annual periods beginning on or after 1 January 2013)
- IFRS 13, Fair Value Measurement (annual periods beginning on or after 1 January 2013)
- IAS 16, Property, Plant and Equipment. Classification of servicing equipment (annual periods beginning on or after 1 January 2013)
- IAS 19, Employee Benefit (as revised in 2011) (annual periods beginning on or after 1 January 2013)
- IAS 27, Consolidated and Separate Financial Statements. Re-issued as IAS 27 Separate Financial Statements (as amended in 2011), (annual periods beginning on or after 1 January 2013)
- IAS 28, Investments in Associates. Re-issued as IAS 28 Investments in Associates and Joint Ventures (as amended in 2011), (annual periods beginning on or after 1 January 2013)
- IAS 32, Financial Instruments Presentation. Tax effect of distribution to holders of equity instruments (annual periods beginning on or after 1 January 2013)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 2. **New and Revised Accounting Standards and interpretation** (continued)

#### **New and revised IFRSs in issue but not yet effective**

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective:

- IFRS 9 Financial instruments<sup>2</sup>
- Amendments to IFRS 9 and IFRS 7 Mandatory Effective Date of IFRS 9 and Transition Disclosure<sup>2</sup>
- Amendments to IFRS 10, IFRS 12 and IAS 27 Investment Entities<sup>1</sup>
- Amendments to IAS 32 Offsetting Financial Assets and Financial Liabilities<sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after January 1, 2014, with earlier application permitted.

<sup>2</sup> Effective for annual periods beginning on or after January 1, 2015, with earlier application permitted.

#### ***IFRS 9 Financial Instruments***

IFRS 9 introduced new requirements for the classification and measurement of financial assets, financial liabilities and for derecognition.

Key requirements of IFRS 9:

- All recognised financial assets that are within the scope of IAS 39 Financial Instruments: Recognition and Measurement are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under IFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.
- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, IFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under IAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.

The directors of the Company anticipate that the application of IFRS 9 in the future will impact on the amounts reported in respect of the Company's financial assets and liabilities. However it is not practicable to provide a reasonable estimate of the effect of IFRS 9 until a detailed review has been completed.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

## 2. **New and Revised Accounting Standards and interpretation** (continued)

### **New and revised IFRSs in issue but not yet effective** (continued)

#### **Amendments to IFRS 10, IFRS 12 and IAS 27 Investment Entities**

The amendments to IFRS 10 define an investment entity and require a reporting entity that meets the definition of an investment entity not to consolidate its subsidiaries but instead to measure its subsidiaries at fair value through profit or loss in its consolidated and separate financial statements.

To qualify as an investment entity, a reporting entity is required to:

Obtain funds from one or more investors for the purpose of providing them with professional investment management services.

Commit to its investor(s) that its business purpose is to invest funds solely for returns from capital appreciation, investment income, or both.

Measure and evaluate performance of substantially all of its investments on a fair value basis.

Consequential amendments have been made to IFRS 12 and IAS 27 to introduce new disclosure requirements for investment entities.

The directors of the Company do not anticipate that the investment entities amendments will have any effect on the Company's financial statements as the Company is not an investment entity.

#### **Amendments to IAS 32 Offsetting Financial Assets and Financial Liabilities**

The amendments to IAS 32 clarify the requirements relating to the offset of financial assets and financial liabilities. Specifically, the amendments clarify the meaning of 'currently has a legally enforceable right of set-off' and 'simultaneous realisation and settlement'.

The directors of the Company do not anticipate that the application of these amendments of IAS 32 will have a significant impact on the Company's financial statements as the Company does not have any financial assets and financial liabilities that qualify for offset.

## 3. **Summary of significant accounting policies**

### **a) Cash and cash equivalents**

Cash on hand, in banks and short-term deposits that are held to maturity, are carried at cost. For the purpose of the cash flow statement, cash and cash equivalents consist of cash on hand and deposits in banks and short-term deposits with an original maturity of three months or less.

### **b) Trade receivables**

Trade accounts receivable are recognised and carried at original invoice amount less an allowance for any uncollectible amounts. A provision is made when there is objective evidence that the Company will not be able to collect the debts. Bad debts are written-off when identified. Receivables from related parties are recognized and carried at cost.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### b) Taxes

##### *Current taxes*

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

##### *Deferred tax*

Deferred income tax is provided using the liability method on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Deferred tax assets arising from tax losses not yet recognised are only carried forward if it is probable that future taxable profit will be sufficient to allow the benefit of the tax losses to be realised.

Deferred tax assets are recognised only if there is a reasonable expectation of realization. Deferred tax assets arises from tax losses yet to be recognised, and are only carried forward if there is assurance beyond a reasonable doubt that future taxable income will be sufficient to allow the benefit of the tax losses to be realised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of financial position date.

#### c) Property, plant and equipment

Property, plant and equipment are stated at historical cost.

Depreciation is provided on a straight-line basis over the estimated economic useful lives of the assets at the following rates:

|                              |                |
|------------------------------|----------------|
| Marine infrastructure assets | 3.33% to 6.66% |
| Machinery and equipment      | 20%            |
| Other                        | 12.5% to 50%   |

Development costs are recognised as an asset to the extent that it is expected to generate future economic benefits.

Repairs and maintenance costs are charged to the statement profit or loss and other comprehensive income when expenditure is incurred.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### d) Property, plant and equipment (continued)

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss and other comprehensive income in the year the asset is derecognised.

#### e) Investment property

Investment property is stated at cost less accumulated depreciation and impairment charges. Depreciation is provided on a straight line basis over the estimated economic useful lives of the assets at the following rates:

|                  |                 |
|------------------|-----------------|
| Fabrication yard | 3.33%           |
| Development cost | 10.00% - 33.33% |

No depreciation is provided on freehold land.

Investment property is derecognised when either disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the statement of profit or loss and other comprehensive income in the year of retirement or disposal.

#### f) Long-term debt

Long-term debt is initially recognised at the fair value of the consideration received less any directly attributable transaction costs.

After initial recognition, long-term debt is subsequently measured at amortised costs using the effective interest rate method. Amortised cost is calculated by taking into account any directly attributable transaction costs.

#### g) Foreign currencies

The presentation and functional currency of the Company's financial statements is Trinidad and Tobago Dollars (TT\$). In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, transactions in foreign currencies are recorded in Trinidad and Tobago dollars at the rates prevailing at the date of the transaction. Monetary assets and liabilities in foreign currencies at the reporting date are expressed in Trinidad and Tobago dollars at exchange rates prevailing at that date. Resulting translation differences are recognised in income/expense for the year.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### h) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

#### i) Payables and accruals

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received. Payables to related parties are carried at cost.

#### j) Financial assets

Financial assets within the scope of IAS 39 are classified as financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, or available-for-sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction cost. The Company determines the classification of its financial assets on initial recognition and where allowed and appropriate, re-evaluates this designation at each financial year end.

##### *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement loans and receivables are carried at amortised cost using the effective interest rate method less any allowance for impairment. Gains and losses are recognised in the statement of profit or loss and other comprehensive income when the loans and receivables are derecognised or impaired, as well as through the amortization process.

##### *Amortised cost*

Loans and receivables are measured at amortised cost. This is computed using the effective interest rate method less any allowance for impairment. The calculation takes into account any premium or discount on acquisition and includes transaction costs and fees that are an integral part of borrowing costs.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### k) Financial liabilities

##### *Interest bearing loans and borrowings*

All loans and borrowings are initially recognised at fair value less directly attributable transaction costs, and have not been designated 'as at fair value through profit or loss'.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method.

Gains and losses are recognised in the statement of profit or loss and other comprehensive income when the liabilities are derecognised as well as through the amortization process.

#### l) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's cash-generating unit's fair value less costs to sell and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value-in-use, the estimated cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses of continuing operations are recognised in the statement of profit or loss and other comprehensive income in those expense categories consistent with the function of the impaired asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If this is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at a re-valued amount, in which case the reversal is treated as a revaluation increase.

After such a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### m) Impairment of financial assets

The Company assesses at each reporting date whether a financial asset or group of financial assets is impaired.

In relation to trade receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Company will not be able to collect all of the amounts due under the original terms of the invoice. The carrying amount of the receivable is reduced through use of an allowance account. Impaired debts are derecognised when they are assessed as uncollectible.

#### n) Derecognition of financial assets and liabilities

##### *Financial assets*

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- The rights to receive cash flows from the asset have expired;
- The Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass through' arrangement; or
- The Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in assets.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

##### *Financial liabilities*

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of profit or loss and other comprehensive income.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### o) Employee benefits

The Company's employees are members of the Parent Company's defined benefit plan, the assets of which are held in separate trustee administered funds. The pension plan is funded by payments from employees and by the Company taking account of the recommendations of independent qualified actuaries.

The Company's contributions are included in the employee benefit expense of these financial statements. Any assets and liabilities in relation to this defined benefit plan are recorded by the Parent Company. There is no contractual agreement or stated policy for charging the net defined benefit costs of the plan to the separate financial statements of the individual subsidiaries included in the plan.

#### p) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Revenue associated with port and harbour and bio-remediation services is recognised upon performance of the services.

Lease rental and service charge from operating leases on investment properties are recognised as revenue in the period in which they are earned. Premiums on leases are recognised as revenue in the initial year of the lease.

Lease rental from fabrication yard is recognised as revenue in the period in which the rental is earned.

Interest and investment income is accounted for on the accruals basis.

#### q) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

##### *The Company as a lessor*

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

##### *The Company as a lessee*

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 3. Summary of significant accounting policies (continued)

#### r) Provisions

The Company recognises a provision when, as a result of a past event, it has a present legal or constructive obligation, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### s) Comparative information

Where necessary, comparative information has been adjusted to conform to changes in presentation in the current year.

### 4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent assets and liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future.

#### Judgements

In the process of applying the Company's accounting policies, management has determined that there were no judgments apart from those involving estimations which have a significant effect on the amounts recognized in the financial statements.

#### Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation and uncertainty at the statement of financial position date, that have a significant risk of causing material adjustments to the carrying amounts of assets and liabilities within the next financial year are discussed below:

##### *Useful lives of property, plant and equipment and investment property*

The estimates of useful lives as translated into depreciation rates are detailed in the property, plant and equipment and investment property policies above. These rates and the residual lives of the assets are reviewed annually taking cognizance of the forecasted commercial and economic realities and through benchmarking of accounting treatments within the port and marine operations industry.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### 4. Significant accounting judgements, estimates and assumptions (continued)

#### Estimates and assumptions (continued)

##### *Impairment of non-financial assets*

The Company assesses whether there are indicators of impairment for all non-financial assets at each reporting date. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. When value-in-use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

##### *Operating lease commitments - Company as Lessor*

The Company has entered into commercial property leases on its investment property portfolio. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, that it retains significant risks and rewards of ownership of these properties and so accounts for the contracts as operating leases.

##### *Deferred tax assets*

Deferred tax assets are recognised to the extent it is probable that the taxable income will be available in future against which they can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised based upon the likely timing and level of future taxable profits together with future tax planning strategies.

##### *Tax assessments*

The Company recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due where the final tax outcome of these matters is different from the amounts that were initially recorded. Such differences will impact the income tax and deferred tax provisions in the period in which such determinations are made.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 5. Property, plant and equipment (continued)

#### i) Fair value measurement of the Company's marine infrastructure assets

The fair value was based on the marine infrastructure assets' value in use. The recoverable amount of the Company's assets has been determined based on a value-in-use calculation using cash flow projections from the 2014 financial budgets approved by management and the Board of Directors and extrapolated for a four year period, at a discount rate of 3.48% and a terminal capitalization rate of 3.48%. As a result of this analysis, management has recognised an impairment charge of \$0.100 million (2012: \$10.681 million) on its property, plant and equipment in the statement of profit or loss.

Details of the Company's marine infrastructure assets and information about the fair value hierarchy are as follows:

|                             | Level 1<br>\$'000 | Level 2<br>\$'000 | Level 3<br>\$'000 | Total<br>\$'000 |
|-----------------------------|-------------------|-------------------|-------------------|-----------------|
| <b>At December 31, 2013</b> | -                 | -                 | <b>20,710</b>     | <b>20,710</b>   |

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 6. Investment properties (continued)

- i) Legal title for the land on which the fabrication yard is situated has not yet been transferred to the Company by the Company's minority shareholder.
- ii) The following table summarises the amounts recognised in the statement of the profit or loss.

#### Amounts recognised in statement of profit or loss

|  | 2013<br>\$'000 | 2012<br>\$'000 |
|--|----------------|----------------|
| Rental income from investment properties | <u>14,021</u>  | <u>13,670</u>  |
| Direct operating expenses                | <u>825</u>     | <u>1,021</u>   |

- iii) Fair value measurement of the Company's investment properties

The fair value was based on the marine infrastructure assets' value in use. The recoverable amount of the Company's assets has been determined based on a value-in-use calculation using cash flow projections from the 2014 financial budgets approved by management and the Board of Directors and extrapolated for a four year period, at a discount rate of 3.48% and a terminal capitalisation rate of 3.48%. As a result of this analysis, management has recognised an impairment charge of \$0.060 million (2012: reversal of \$9.721 million) on its investment properties in the statement of profit or loss.

Details of the Company's investment properties and information about the fair value hierarchy are as follows:

|                             | Level 1<br>\$'000 | Level 2<br>\$'000 | Level 3<br>\$'000 | Total<br>\$'000 |

|   | <u>43,742</u>  | <u>55,665</u>  |

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 7. Cash and short-term deposits (continued)

a) Cash at bank earns interest at fixed rates based on daily deposit rates. Short-term deposits are made for varying periods of between one day and three months, depending on the immediate cash requirements of the Company and earn interest at the respective short-term deposit rates. The fair value of cash and short-term deposits is \$43.72 million (2012: \$55.67 million).

b) The Company holds investment note certificates with Clico Investment Bank Limited (CIB) in the amount of US \$679,790.

CIB has experienced financial and liquidity issues and on 31 January 2009 the Central Bank of Trinidad and Tobago (CBTT) under Section 44D of the Central Bank Act Chap. 79:02 assumed control of CIB. The CBTT indicated that the investment note certificates were not covered under the guarantee provided by the Government of Trinidad and Tobago. The investment note certificates and the related accrued interest were therefore deemed to be impaired at 31 December 2008 as there was no basis to determine the timing and quantum, if any, of recovery. The amounts remain fully provided for at 31 December 2013.

### 8. Trade and other receivables

|   | <b>2013</b>         | <b>2012</b>         |
|---|---------------------|---------------------|
|   | <b>\$'000</b>       | <b>\$'000</b>       |
| Trade receivables                       | 10,818              | 9,486               |
| Provision for doubtful debts            | <u>(5,364)</u>      | <u>(5,942)</u>      |
|   | 5,454               | 3,544               |
| Other trade receivables and prepayments | <u>1,241</u>        | <u>4,642</u>        |
| Total receivables and prepayments       | <b><u>6,695</u></b> | <b><u>8,186</u></b> |

Trade receivables are non interest bearing and are generally on 15-30 day terms.

As at 31 December 2013, trade receivables at a value of \$5.364 million (2012: \$5.942 million) were impaired and fully provided for. Movement in the provision for impairment of receivables were as follows:

|                                   | <b>2013</b>         | <b>2012</b>         |
|-----------------------------------|---------------------|---------------------|
|                                   | <b>\$'000</b>       | <b>\$'000</b>       |
| At 1 January                      | 5,942               | 3,421               |
| Charge for year                   | <u>–</u>            | <u>2,521</u>        |
|                                   | 5,942               | 5,942               |
| Amounts recovered during the year | <u>(578)</u>        | <u>–</u>            |
| At 31 December                    | <b><u>5,364</u></b> | <b><u>5,942</u></b> |

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 8. Trade and other receivables (continued)

As at 31 December the ageing analysis of non impaired trade receivables is as follows:

|      | Neither past due nor impaired |          | Past due but not impaired |            |            |             |           |
|------|-------------------------------|----------|---------------------------|------------|------------|-------------|-----------|
|      | Total                         | impaired | <30 days                  | 30-60 days | 60-90 days | 90-120 days | >120 days |
|      | \$'000                        | \$'000   | \$'000                    | \$'000     | \$'000     | \$'000      | \$'000    |
| 2013 | 5,454                         | (106)    | 1,256                     | 254        | 120        | 127         | 3,803     |
| 2012 | 3,544                         | 838      | 372                       | 534        | 548        | 93          | 1,159     |

### 9. Share capital

|  |               |               |

|  | <b>2013</b>   | <b>2012</b>   |
|  | <b>\$'000</b> | <b>\$'000</b> |

#### Authorized

An unlimited number of ordinary shares of no par value

#### Issued and fully paid

144,009 ordinary shares of no par value

|                |                |
|----------------|----------------|
| <b>144,009</b> | <b>144,009</b> |
|----------------|----------------|

In June 2007, the shareholders of the Company agreed to the re-capitalisation of the Company with a new equity split of 81% to NGC and 19% to Petrotrin. This re-capitalisation is to be effected by the capitalisation of shareholder advances of \$86.337M and \$24.574M (inclusive of the equity contribution of \$22.605M for the land on which the fabrication yard is situated) by NGC and Petrotrin respectively.

The shareholders' decision has not yet been approved nor effected by the Board of Directors of the Company.

### 10. Shareholders' advances

Most activities conducted by the Company have been funded by its shareholders. The amounts outstanding are unsecured with no fixed repayment terms, currently bear no interest and are due to the shareholders as follows:

|   | <b>2013</b>           | <b>2012</b>           |
|---|-----------------------|-----------------------|
|   | <b>\$'000</b>         | <b>\$'000</b>         |
| The National Gas Company of Trinidad and Tobago Limited | 105,685               | 114,721               |
| Petroleum Company of Trinidad and Tobago Limited        | 24,573                | 24,573                |
|   | <b><u>130,258</u></b> | <b><u>139,294</u></b> |

As stated in Note 9, in June 2007, the shareholders of the Company agreed to the capitalisation of shareholder advances of \$86.337 million and \$24.574 million by NGC and Petrotrin, respectively. The shareholders' decision has not been approved nor effected by the Board of Directors of the Company.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 11. Taxation (continued)

#### b) Deferred tax asset (continued)

|   | <b>2013</b>   | <b>2012</b>   |
|---|---------------|---------------|
|   | <b>\$'000</b> | <b>\$'000</b> |
| Movement for the year:                              |               |               |
| Balance at 1 January                                | 699           | 643           |
| Deferred tax credit to statement of profit and loss | 2,352         | 56            |
|   | <u>3,051</u>  | <u>699</u>    |

### 12. Long-term borrowing

|  | <b>Long-term<br/>portion</b> | <b>Current<br/>portion</b> | <b>2013</b>   | <b>2012</b>   |
|--|------------------------------|----------------------------|---------------|---------------|
|  | <b>\$'000</b>                | <b>\$'000</b>              | <b>\$'000</b> | <b>\$'000</b> |
| RBC Trust<br>(Trinidad and Tobago) Limited | <u>3,440</u>                 | <u>6,893</u>               | <u>10,333</u> | <u>17,204</u> |

The Fabrication Yard and Dock Expansion projects were financed with a \$62 million fixed rate bond issued to RBC Trust (Trinidad and Tobago) Limited on the 2 May 2005.

The Bond provides for two (2) semi-annual interest payments in arrears at a fixed rate of interest of 6.05%, in addition to a one (1) year moratorium on principal. This is followed by 18 semi-annual payments of interest and principal.

Both interest and principal are to be paid to First Caribbean International Banking and Financial Corporation Limited who was assigned as the Paying Agent of the Bond.

This Bond is guaranteed by the following:

- The National Gas Company of Trinidad and Tobago Limited (NGC) – an amount of \$51.461 million.
- The Petroleum Company of Trinidad and Tobago Limited (PETROTRIN) – an amount of \$10.540 million.

#### Fair values

| <b>Carrying amount</b> |               | <b>Fair value</b> |               |
|------------------------|---------------|-------------------|---------------|
| <b>2013</b>            | <b>2012</b>   | <b>2013</b>       | <b>2012</b>   |
| <b>\$'000</b>          | <b>\$'000</b> | <b>\$'000</b>     | <b>\$'000</b> |
| <u>10,333</u>          | <u>17,204</u> | <u>10,338</u>     | <u>17,336</u> |

The fair value of the borrowing has been calculated by discounting the expected future cash flows at prevailing interest rates of 4.95% at 31 December 2013 (2012: 4.95%).

**17. Related party transactions**

The Company is a subsidiary of the National Gas Company of Trinidad and Tobago which is wholly-owned by the Government of Trinidad and Tobago. In the ordinary course of its business, the Company enters into transactions concerning the exchange of goods, provision of services and financing with affiliate companies as well as with entities directly and indirectly owned or controlled by the GORTT. Entities under common control include Petroleum Company of Trinidad and Tobago Limited (Petrotrin).

The sales to and purchases from related parties are at arm's length. Outstanding balances at the year-end are unsecured and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. At 31 December 2013, the Company has a provision for doubtful debts totalling \$183,192 (2012: \$183,192), relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 18. Operating lease arrangements

#### The Company as a lessor

The Company has entered into commercial land leases with respect to its investment property portfolio, consisting of land and infrastructure. These leases have remaining terms of between one year and 29 years. All operating lease contracts contain market review clauses in the event that the lessee exercises its option to renew. The lessee does not have an option to purchase the property at the expiry of the lease period.

Rental income earned by the Company from its investment property and direct operating expenses arising on the investment property for the year are set out in Note 6.

Future minimum rentals receivable under operating leases as at 31 December 2013 are as follows:

|   | <b>2013</b>           | <b>2012</b>           |
|---|-----------------------|-----------------------|
|   | <b>\$'000</b>         | <b>\$'000</b>         |
| Not later than 1 year                         | 13,931                | 13,999                |
| Later than 1 year and not longer than 5 years | 30,783                | 33,336                |
| Later than 5 years                            | 106,083               | 122,784               |
|   | <u><b>150,797</b></u> | <u><b>170,119</b></u> |

#### The Company as a lessee

As at 31 December 2013, the Company held no asset under operating lease as a lessee (2012: nil).

### 19. Financial risk management objectives and policies

The Company has various financial assets such as trade receivables, and cash and cash equivalents which arise directly from its operations. The Company's financial liabilities comprise bank loans, trade and sundry payables. The main purpose of these financial liabilities is to raise finance for the Company's operations.

The main risks arising from the Company's financial instruments are credit risk, liquidity risk, interest rate risk, and foreign currency risk. Management reviews and agrees policies for managing each of these risks which are summarized below.

#### Credit risk

The Company trades only with recognised credit worthy third parties. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant. With respect to credit risk arising from other financial assets of the Company, such as cash and cash equivalents, the exposure to credit risk arises from default of the counter party with a maximum exposure equal to the carrying amount of these instruments. There are no significant concentrations of credit risk within the Company.

The Company has US\$679,790 in investment note certificates with Clico Investment Bank Limited. As stated in (Note 7 b), a provision was first established for this balance in 2008 as the recoverability of this balance was doubtful.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 19. Financial risk management objectives and policies (continued)

#### Interest rate risk

The Company is exposed to minimal interest rate risk because the Company borrows funds at fixed interest rates. See Note 12.

#### Liquidity risk

The Company monitors its risks to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of both its financial investments and financial assets (e.g. accounts receivables and short term investments) and projected cash flows from operations. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of advances from the parent and bank loans.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

|                               | <b>On<br/>demand<br/>\$'000</b> | <b>Less than<br/>3 months<br/>\$'000</b> | <b>3 - 12<br/>months<br/>\$'000</b> | <b>1-5<br/>years<br/>\$'000</b> | <b>&gt;5<br/>years<br/>\$'000</b> | <b>Total<br/>\$'000</b> |
|-------------------------------|---------------------------------|--|-------------------------------------|---------------------------------|-----------------------------------|-------------------------|

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2013  
(Expressed in Trinidad and Tobago dollars)

**19. Financial risk management objectives and policies (continued)**

**Foreign currency risk**

The Company has transactional currency exposures. Such exposures arise from sales or purchases in currencies other than the Company's functional currency. Management monitors its exposure to foreign currency fluctuations and employs appropriate strategies to mitigate any potential losses. The following table shows balances outstanding at year end denominated in foreign currencies.

| <b>As at December 31, 2013</b> | <b>Amount denominated<br/>in foreign currency<br/>\$'000s</b> | <b>TT\$ equivalent<br/>\$'000s</b> |
|--------------------------------|---|------------------------------------|
| Cash and cash equivalents      | <u>US\$ 6,618</u>   | <u>TT\$ 42,607</u>                 |
| Trade and other receivables    | <u>US\$ 2,206</u>   | <u>TT\$ 14,205</u>                 |
| Trade and other payables       | <u>US\$ 1,694</u>   | <u>TT\$ 10,907</u>                 |
|                                | <u>GBP 10</u>   | <u>TT\$ 107</u>                    |
| <b>As at December 31, 2012</b> |   |                                    |
| Cash and cash equivalents      | <u>US\$ 7,184</u>   | <u>TT\$ 45,844</u>                 |
| Trade and other receivables    | <u>US\$ 1,868</u>   | <u>TT\$ 11,918</u>                 |
| Trade and other payables       | <u>US\$ 2,026</u>   | <u>TT\$ 12,928</u>                 |
|                                | <u>GBP 5</u>  | <u>TT\$ 55</u>                     |

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Expressed in Trinidad and Tobago dollars)

### 19. Financial risk management objectives and policies (continued)

#### Foreign currency risk (continued)

The following table demonstrates the sensitivity to a reasonable possible change in the TT dollar exchange rate with all other variables held constant of the Company's profit before tax. There is minimal impact on the Company's equity.

|             | <b>Increase/ (decrease)<br/>in exchange rate<br/>%</b> | <b>Effect on profit<br/>before tax<br/>\$'000</b> |
|-------------|--|---|
| <b>2013</b> | 5%<br>(5%)   | <u>2,290</u><br><u>(2,290)</u>                    |
| <b>2012</b> | 5%<br>(5%)   | <u>2,239</u><br><u>(2,239)</u>                    |

#### Capital management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratio in order to support its business and maximize shareholder value. The Company manages its capital to ensure that the Company will be able to continue as a going concern. The Company's overall strategy remains unchanged from 2012.

### 20. Financial instruments

#### Fair values

##### *Short-term financial assets and liabilities*

The carrying amount of short-term financial assets and liabilities which comprise cash, sundry debtors and current liabilities are a reasonable estimate of fair values because of the short-term nature of these instruments.

##### *Long-term financial assets and liabilities*

The fair value of fixed rate borrowings has been calculated by discounting the expected future cash flows at prevailing interest rates of 4.95% at 31 December 2013 (2012: 4.95%). (Refer to Note 12).

### 21. Dissolution of the Company

During the 2007 financial year, the Board of Directors of the Company considered the options available for the winding up of the Company. After evaluating the various options, the Board agreed that the preferred option was for the shareholders to relinquish their shareholdings voluntarily and that all the assets and liabilities of the Company be transferred to National Energy Corporation of Trinidad and Tobago Limited. The Board of the majority shareholder, NGC, has accepted the recommendation.

These financial statements have been prepared on a going concern basis which assumes that the Company will be able to realise its assets and discharge its liabilities in the normal course of business.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013 (Expressed in Trinidad and Tobago dollars)

### **22. Capital commitments**

Capital commitments as at 31 December 2013 were nil (2012: \$1.6 million).

### **23. Events after the reporting date**

No significant events occurred after the reporting date affecting the financial performance, position or changes therein for the reporting period presented in these annual financial statements.
